# Annual Dinner 2024

*The Lubricant Industry's most prestigious networking event*

## A first class evening awaits you and your guests

The UKLA Annual Dinner is the highlight of the Lubricant Industry's networking calendar and this year will be held at Sheraton Grand Park Lane; there will be a gala dinner in the Ball Room and an evening of top quality networking, giving you the opportunity to make useful new contacts and renew old acquaintances.

Throughout the evening you will hear about how the United Kingdom Lubricants Association has worked with and for the industry during the year and get the

opportunity to listen to our speaker the renowned Lucy Porter.

This is your opportunity to mingle with other likeminded industry executives, make new contacts and enjoy an evening of fine food and company. Bring your clients and prospects and enjoy this prestigious occasion.

We are delighted to announce that our President's Charity for this year is the Teenage Cancer Trust and 5% of the ticket revenue will be going towards this excellent cause.

### Lucy Porter

Described as 'charmingly effervescent', Lucy Porter is a comedian whose bright and friendly persona can win over any audience. With a disarmingly warm and chatty style Lucy delivers her thoughts and observations on life, love and how odd the world can be like a long-standing and sometimes indiscreet friend.

Lucy has gathered a strong following and excellent reputation on the live circuit, and her Edinburgh shows are invariably a sell-out. Also at Edinburgh and away from comedy, Lucy starred alongside Christian Slater in the stage version of *One Flew Over the Cuckoo's Nest*. A finalist on Channel 4's *So You Think You're Funny?*, Lucy is a regular on Radio 4 panel and comedy shows, and has also appeared a number of times on *Have I Got News For You* and *Mock the Week*. She has also appeared on *Newsnight*, *The Culture Show*, and *Richard Osman's House of Games*, and has written for *Johnny Vaughan*, *Adam and Joe*, and *Jimmy Tarbuck*.

Lucy is a keen amateur quizzer, having won *Celebrity Mastermind* and *The Chase*. She has also appeared on *Impossible*, *Fifteen to One*, *The Weakest Link* and *Pointless* raising money for charities including *Children in Need*, the *Loss Foundation* and *Carers UK*. Lucy also presents the quizzing podcast *Fingers on Buzzers* alongside *The Chase's* *Jenny Ryan*.

Bookings subject to terms and conditions <https://www.ukla.org.uk/wp-content/uploads/UKLA-Booking-Terms-and-Conditions.pdf>  
Non-member bookings require payment in advance of the event; tickets will not be confirmed until payment is received.

# President's Charity

Today alone, 7 young people in the UK aged 13-24 have heard the life altering words "you have cancer". Whether cancer is diagnosed during school, the beginnings of a career, or when starting a family, young people suddenly find their lives crashing around them, facing a terrifying world of uncertainty.

Teenage Cancer Trust is the number one youth charity in the UK and the only charity dedicated to providing the specialised nursing care and support young people with cancer need. It is our vision that we live in a world where cancer doesn't stop young people living their lives. Through our 28 world-leading hospital units, specialist nurses, and emotional support programmes, we are there every step of the way for 90% of young people with cancer.

It is estimated that by 2030, 10 young people will be diagnosed with cancer every day. More than ever, we need your support to make sure we always have enough nurses and youth

support teams to reach all the young people who need them. Young people like yourself, your son or daughter, your brother or sister, or your friend. If any of those young people found themselves needing cancer treatment and couldn't access a Teenage Cancer Trust unit, they would find themselves in a health care system that doesn't understand their needs, while being disconnected from the people and experiences that make them 'them'. It could leave them feeling lost, alone and fearful for their future. Without us, young people do not have access to adequate care and support during and after cancer treatment.

We're so thankful for our incredibly generous supporters and it's by working with partners like UKLA that we can safeguard the future of teenage and young adult cancer care forever.
